Issue VI

A Newsletter on Philanthropy

June 2008

WELCOME

Welcome to the first edition of **Making an Impact** from Impact Wealth Advisors Ltd. (formally The Flatirons Group at Smith Barney). We are so excited to begin this new chapter and look forward to building many new relationships through this newsletter. We continue to be committed to increasing the impact of philanthropy in our community and are pleased to provide a periodic update of charitable issues and events. Our hope is to make an impact by helping donors match their passions with the visions of non-profits. As always, we welcome your input!

BOULDER WALK AND BIKE TO WORK MONTH

Bike to work day is Wednesday June 25, 2008 and the month is full of events to help in your efforts to explore your travel options. It was first celebrated in 1977 and has been a huge success for thousands of people over the years. For more information please call 303-564-9681 or visit http://www.ci.boulder.co.us/index.php?option=com_content&task=view&id=8845&Itemid=3031 for an event calendar.

SPOTLIGHT HERO

At risk youth in Boulder County are in need of positive role models. Bob Silk has taken that role and volunteered as a mentor for the Boulder Enhanced Supervision Team (B.E.S.T.) since October. The program matches adults and juveniles one-on-one provide youth with enduring links to positive supports in the community and reduce the likelihood of relapsing into a previous condition or mode of behavior. Like all mentors, Bob and his "mentee" meet once a week and spend time together

doing "guy stuff" such as bowling, eating and go-cart racing. Bob's goal is to expose youth to positive new experiences and help them to do well in school by achieving personal goals. He finds that becoming a regular fixture in a youth's life and having a one on one relationship can stay with them for a lifetime. If you would like to become a B.E.S.T. mentor and create a positive influence for a young person please call 303-441-3718 or email jallan@bouldercounty.org

SUGGESTED READING

The Last Lecture by Randy Pausch. A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment. It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that

will be shared for generations to come.

GIVE A NAME

The designation of a room, center or area of a Boulder Community Hospital facility gives perpetuity to one's life and establishes a wonderful legacy to the community for future generations. BCH has always had a strong sense of philanthropy which is evidenced by all the facilities that have been named in tribute to current and former members of our community. These individuals and their families will forever be associated with the high level of care for patients provided by BCH. If you would like to discuss potential naming options at the one of the BCH campuses or facilities please call 440-2167 or visit www.bch.org
